FIFTY-SEVEN BROADWAY  
NEW YORK

My dear Mr Thomas:

I have had in mind  
for some time a dormitory  
for Midg. It is severe, to say  
the least; to sell things at  
present prices to realise funds  
for building purposes. I have  
some pronounced views in  
the matter. I hate marble, es-  
pecially white marble. all the  
use I know for marble is  
my only life was to make  
grave stones to place

over it grows of my  
friends. I do not like  
the look of it either. I  
have done some figuring  
on a gray brick structure  
& would like to show you it  
plans & confab a bit about  
it. When are you coming  
to New York?

Hastily
